2010 Services Charges (cont.)

Landscape Planning, Consultation and Construction

The Villager Nursery has been planning, consulting and landscaping in Truckee for over 30 years with hundreds of projects, including commercial, residential, erosion control and restoration, completed. We specialize in building dense, low maintenance, living screens and supporting them with drip irrigation. **Rob is in charge of our landscaping division and he works Tuesday through Saturday.**

ISA Certified Arborist Consultations. Informal or formal site visits, tree assessments, tree saving advice. \$80 /hr including travel, visit and report preparation if required.

Local Site-visit Consultation

Assistance with plant identification, microclimate solutions, ideas and suggestions:
\$65 /hr. Schedule with Rob or Eric very early May *and after July 1*

Restoration Project Planning and Large Projects. Informal landscape plans drawn for these locations at \$75 /hr.

Landscape and Garden Construction. Refer to Rob for consultation, estimates and details. Eric is available to help with planning of large homeowner projects and purchases.

Maintenance. With projects we have planted only: **Spring:** Villager staff will untie trees, fertilize w/ **Dr.Earth** and reconnect drip systems. **Autumn:** services include staking, tree tie-up (brown tie-tape), fertilizing w/ **Biosol** and removing timers; “Winterization”. Refer to Rob for more information.

Landscape Mulch. We will deliver and spread mulch throughout your landscape to retain, moisture, prevent weeds and protect the soil... best in conjunction with fertilizing. Refer to Rob for estimates and details.

The Villager Nursery

"Planting by the Experts"

Villager Nursery Landscape Installation

The Villager offers "Home-Visit" consultations, design advice, natural landscape plans and installation as well as restoration and erosion control work. Our most popular service is **Plantscaping**, the placing and planting of a few trees and shrubs. Often, only a few trees, shrubs and perennials are required to make an immediate impact, enhance a site or solve a view problem.

These jobs are a specialty and here is how it generally works:

Visit us in the nursery with an idea, for example: you would like some privacy for your back deck or you'd like to see fall color outside the dining room window. You see our plant selection and get a feel for the sizes and prices. We discuss a number of important issues concerning your landscape. We consider: exposure (sun, shade, wind), your microclimate (where you live in town), snow-loads (from roads, storage or roofs) and irrigation (will you provide it or will you need us to install a drip system and timer).

Then we come up with a rough design, select the plants and schedule a planting date. We ask that you purchase the plants, stakes and the recommended quantity of Gromulch or Amend mature compost. With payment we'll hold and care for your plants until planting time. Delivery charges depend upon quantity and location. We offer discounts on bulk plant purchases.

Bulk Plant Sale Discounts

Discounts apply to the regular, pre-sale, non-special, pre-tax amount of the plants only (not to hard-goods or soils).

Single purchases of	\$500.00 - \$999.99	receive a	10% discount.
Single purchases of	\$1,000.00 - \$1,499.99	receive a	15% discount.
Single purchases of	\$1,500.00 - or more	receive a	20% discount.

The discount may be calculated on the sub-total before the sale is completed or it may be given as a gift certificate after the sale based on the sub-total.

Planting Charges 2010

The planting prices include placing, digging and staking labor, water holding gel (improves drought resistance) and Dr.Earth / Biosol slow-release organic fertilizers (for optimal growth).

1 gallon	\$9.50	2 gallon	\$16.00	3 gallon	\$18.00
5 gallon	\$27.00	7 gallon	\$35.00	10 gallon	\$45.00
15 gallon	\$65.00	20 gallon	\$80.00	25 gallon	\$100.00
Larger 5ft.and up B&B		\$100. & up			

Stakes and delivery fees not included. Irrigation materials and irrigation labor additional @ \$48 /hr. Contact Rob VanDyke for more Information.
